

ViewModifyOrg

```
classDiagram
    class ViewModifyOrg
    class CtrlInstitution
    ViewModifyOrg --> CtrlInstitution
```

The diagram illustrates a directed association between two classes. On the left is the 'ViewModifyOrg' class, represented by a rectangle with a title bar and two empty compartments. On the right is the 'CtrlInstitution' class, represented by a smaller rectangle with a title bar and two empty compartments. A solid arrow points from the right side of 'ViewModifyOrg' to the left side of 'CtrlInstitution', indicating a directed relationship.

CtrlInstitution
