

ViewSearchClass

```
classDiagram
    class ViewSearchClass {
    }
    class CtrlInstitution {
    }
    ViewSearchClass --> CtrlInstitution
```

The diagram shows two class boxes. The left box is labeled 'ViewSearchClass' and has two empty compartments below the name. The right box is labeled 'CtrlInstitution' and also has two empty compartments below the name. A solid arrow points from the right side of the 'ViewSearchClass' box to the left side of the 'CtrlInstitution' box, indicating an association between the two classes.

CtrlInstitution
