

Quizzipedia::Client::ModelClient::Requests

RoleList

```
classDiagram
    class RoleList
    class ClassList
    class Requests
    ClassList o-- Requests
```

The diagram shows three classes: RoleList, ClassList, and Requests. RoleList is positioned at the top left. ClassList is at the bottom left, and Requests is at the bottom right. A composition relationship, indicated by a line with a hollow diamond at the ClassList end, connects ClassList and Requests.
