

**HomepageGeneric**

```
graph LR; HG[HomepageGeneric] --> HNL[HeaderNotLogged]; HG --> F[Footer];
```

The diagram illustrates a container relationship. A large box on the left, labeled 'HomepageGeneric', has two arrows pointing from its right side to two separate boxes on the right. The top box is labeled 'HeaderNotLogged' and the bottom box is labeled 'Footer'. Each box is divided into three horizontal sections, with the title text in the top section.

**HeaderNotLogged**
