

HomepageDirector

```
classDiagram
    class HomepageDirector {
    }
    class HeaderLoggedDirector {
    }
    class Footer {
    }
    HomepageDirector --> HeaderLoggedDirector
    HomepageDirector --> Footer
```

The diagram illustrates a class hierarchy or association. A class named **HomepageDirector** is shown on the left, with two arrows pointing to two other classes: **HeaderLoggedDirector** (top right) and **Footer** (bottom right). Each class is represented by a rectangular box with a title bar and two empty sub-sections. The **HomepageDirector** box is larger than the others. The arrows indicate a directed association from **HomepageDirector** to both **HeaderLoggedDirector** and **Footer**.
