AuthenticationData

```
classDiagram
    class AuthenticationData
    class User
    class Student
    class NoRole
    class Teacher
    class Director
```

The diagram shows six classes: AuthenticationData, User, Student, NoRole, Teacher, and Director. Each class is represented by a rectangle with a title bar and two empty slots for attributes or methods. The classes are arranged in a hierarchical or structural manner, with AuthenticationData at the top left, User in the middle left, Student in the middle right, NoRole at the bottom left, Teacher at the bottom middle, and Director at the bottom right.
