

HomepageTeacher

```
classDiagram
    class HomepageTeacher {
    }
    class HeaderLoggedTeacher {
    }
    HomepageTeacher --> HeaderLoggedTeacher
```

The diagram consists of two class boxes. The box on the left is labeled 'HomepageTeacher' and has two empty rectangular compartments below the name. The box on the right is labeled 'HeaderLoggedTeacher' and has one empty rectangular compartment below the name. A horizontal arrow points from the right side of the 'HomepageTeacher' box to the left side of the 'HeaderLoggedTeacher' box.

HeaderLoggedTeacher
